## *SPORTAGE 2014-2015*

BANDED – Taking fashion cues from the runway, “Banded” is all about blocking black and white, and banding black and white. Single needle top stitching detailing, secret pockets and zipper details complete the look.

MONDRIAN – Loving the colour block inspiration from Mondrian, the group blocks the important colour Blue for the season, teaming techno fabric and knit rib trim.

NET GAIN – Mesh as a detail, mesh a form to function, mesh for performance……all combine to create the perfect Athleisure vibe.

NOUVEAU BERRIES – Vibrant berry is the color of the season, and we’re bullish on berry in solids and vibrant floral print and pattern.

CAMO – Taking the cue from Valentino, Camo in subtle shades takes the theme to a luxe feel.

PAINTBRUSH- Ombre is the story of the season so we’re mixing it up in athleisure ombre and water-washed prints.
